*Update: As of September 4, 21 of the following channels remain active on YouTube.*

An analysis by ADL's Center on Extremism found that a significant number of channels on YouTube's platform continue to disseminate anti-Semitic and white supremacist content despite the company's June 2019 crackdown on hate speech.

For years, YouTube has officially prohibited content which promoted or condoned violence or incited hatred against individuals or groups based on core characteristics

such as ethnicity, gender and sexual identity, and religion. In June 2019 it updated that policy with specific prohibitions against ideologies like white supremacy, which asserted the superiority of one group in order to justify discriminating against or persecuting other groups. It also added that it prohibited content which denied violent events like the Holocaust or certain mass shootings. ADL called the update [“an important step forward,”](#) adding, “This move alone is insufficient and must be followed by many more changes from YouTube and other tech companies to adequately counter the scourge of online hate and extremism.”

Following the June 2019 announcement, it appeared that YouTube was taking steps to remove offending content from its service, and several channels that were noteworthy vectors for the dissemination of anti-Semitism appeared to have been shut down. However, subsequent analysis from ADL’s Center on Extremism (COE) found that significant anti-Semitic and white supremacist content continues to be accessible on YouTube even after the policy update. What follows is a sampling of channels that disseminate this content.

### **Anti-Semitic Channels**

The following five anti-Semitic channels promulgate a variety of allegations and tropes which have been used for generations to stoke fear and hatred of Jews. Some of them are overtly Christian, including claims that Jews are aligned with the Antichrist, that they are a blasphemous and evil “synagogue of Satan,” or that they seek to undermine Christian society. Other anti-Semitic allegations are secular in nature and promote the belief that Jews are secret conspirators who control the media, academia, finance, and governments to the detriment of non-Jews. Belief that Jews control the levers of power in societies has been a crucial element of anti-Jewish conspiracy theories throughout modern times. Altogether, the following five anti-Semitic channels have been viewed more than 81 million times. (Note: The white supremacist channels enumerated in the following section also contain anti-Semitic elements.)

## **“TruNews”**

This is the official channel of the fundamentalist Christian streaming news and opinion platform TruNews, whose programs routinely feature anti-Semitic content, and which has a long record of disseminating Islamophobic and anti-LGBTQ messages. TruNews founder and host Pastor Rick Wiles has used the YouTube channel to claim that Jews control the media, decimate American culture, and attack Christians. He describes Jews as the “Synagogue of Satan” and as agents of the antichrist. The TruNews YouTube channel has 178,000 subscribers and 17 million views.

Noteworthy quotes:

- “It’s not Muslims that are going to kill us. It’s the Jews.” (YouTube upload date: February 20, 2019. 52k views)
- “I personally believe Israel took out [President] John Kennedy...Who ties the [U.S.] presidents’ hands? Yes, the Jewish mafia.” (YouTube upload date: March 14, 2019. 29k views.)

## **“Sanderson1611”**

He claims that Judaism is a “fraud,” and openly [denies the Holocaust](#). Pastor Anderson’s YouTube channel has 121,000 subscribers and 61 million views.

- “I have no doubt at all that in the End Times when the Tribulation happens and the Antichrist is in power, he is going to Judaize the world in many ways. I think that the Jews are going to have a strong part in bringing him into power.” (YouTube upload date: July 11, 2019. 15k views)
- “I hope that [Jews] get persecuted. I hope that [Jews] suffer and are persecuted because they hate the Lord Jesus Christ...So, blasphemous antichrist haters of

God, I'm not worried about what's going to happen to them. That's their problem. They shouldn't have blasphemed and hated the Lord Jesus Christ. Their state of Israel is an antichrist, evil state, it's blasphemous, it's wicked, it's an affront to God.... The Antichrist is going to turn and wipe [the Jews] out and destroy them... and that's what they deserve...God was right to curse them and punish them for 2,000 years straight...There is no such thing as an innocent Jew." (YouTube upload date: June 6, 2019. 19k views)

- "In 2019 today, what a Jew is, or a Jewish person is, is something super-wicked. It's basically an antichrist who denies the Father and Son. And [they are] also some of the most immoral people in the world." (YouTube upload date: May 30, 2019. 21k views)

### **"E. Michael Jones"**

Longtime anti-Semite and traditionalist Catholic writer E. Michael Jones uses his YouTube channel and books to promote the idea that Jews are responsible for perpetrating attacks against the Catholic Church, as well as against standards, social stability and global political order. He portrays Judaism as inherently threatening towards Christianity; he also describes Jews as "outlaws and subversives" and claims that Judaism exhibits "a particularly malignant spirit." E. Michael Jones' YouTube channel has 37,000 subscribers and 3.5 million views.

- "And you want to talk about who's responsible for redefining speech to include pornography, it's the Jews. I mean, from start to finish. Because they were the ones in the industry, and they were the ones who benefited financially from this. But they also benefit politically as we're seeing now...So it's been constant in this regard. A constant subversion of the moral order, and somehow making you feel guilty if you don't go along with this thing....Everywhere you look it comes back to the same old story – whether it's hate speech, whether it's anti-Semitism, whatever it is, it's the Jews trying to control the narrative in their interest...." (YouTube upload date: June 19, 2019. 19k views)
- "Money runs the entire congress of the united states. And largely Jewish money when it comes to foreign policy. AIPAC controls the American congress. There's no

question...Congress is controlled by Jewish money.” (YouTube Upload date: June 30, 2019. 21k views)

- “We have to put limits on Jewish speech. And we have to end Jewish privilege. It’s that simple.” (YouTube upload date: July 1, 2019. 22k views)
- “The Jews are the enemies of the Catholic Church. They are the enemies of the entire human race.” (YouTube upload date: July 16, 2019. 22k views)
- “You know how intelligent Jews are? Yeah, these people are some of the most stupid people in the world if you ask me. They can’t get on with anybody and they bring about their own destruction and usury and ripping rapacious monopolies and subversion of the culture and sexual decadence and there’s just a spiritual cultural and economic wrecking ball, and they wonder why you know there’s hostility and ill feeling towards them, you know?” (YouTube upload date: May 14, 2019. 26k views)

- “Judaism’s focus is on self-worship, people who worship themselves, and this is where I see a corollary with Nazis and with what Hitler was doing....If Judaism ever becomes supreme in the United States—and it is not yet supreme to the extent that I’m saying in terms of Israeli suzerainty—if it ever does, we’ll have the same mass murder of [non-Jews] as we see in the Israeli state.” (YouTube upload date: February 11, 2016. 7,000 views)

America has become an indentured slave to the Jews who rule America. Only the historic church, independent of Jewish control, who can muster up the guts to stand up for the few who expose the Jewish evil, can deliver America from the most pernicious tyranny the world has ever seen.” (YouTube upload date: April 20, 2018. 1100 views)
- “There are three things that are impossible or nearly impossible in this life: For hell to freezer over; for a leopard to change his spots; and for a Jew to say, ‘I’m sorry, I’ve sined against God and man, please forgive me.’” (YouTube upload date: April 16, 2018. 650 views)
