I've forwarded the email between myself and Gary regarding the minutes

I have ANZAC events on this afternoon, but we'll need to discuss this tomorrow. In the meantime, can you forward a copy of your email to Moira attaching notes of the 27/3 meeting? Gary told me at the time that you had indicated to him that you sent them to Moira and I presume that was by email. If sent otherwise just LMK tomorrow. Cheers, JP

Hey John,  
I tried to call you. There is a Credlin article and she says someone read her the party room meeting minutes.  
I don't see how that could be the case. I didn't read them to her. In fact, I've never spoken to her.  
They were sent to your office but I'd imagine that is secure?
