Greg,

As discussed, Bill has told us (by txt) last Thursday that he has had a medical issue (which he advised this morning was a heart attack) and Craig Rollinson would step in and run matters.

We were informed on Friday that a working group has been formed to deal with its affairs, and that they needed to get authorisations in place for them to step in and run matters.

After meeting with Craig this morning, we were on route to an update meeting this afternoon, when their lawyers sent us the attached letter.

In short, we don't have clarity as to what's going on, but suspect they may be a level of fraud by Bill in respect to some contracts that Westpac has funded.

We have no more information at this stage, despite our best efforts to reach people at Forum.
