So inspired by you with a kindred heart. Your maiden speech was SO on point. I would switch my whole professional life to support your plight for children, women & also concerned father's & partners. You are strong, sensible, just and so brave. How do we connect & chat?  
Kind Regards, Carl

Just a simple thank you.  
Father here on the Gold  
Coast.  
Married 30 years  
My eldest daughter truly  
believes she's a man.  
All I'm doing is loving her  
keeping her close and waiting  
for it to hopefully pass before  
she does any irreversible  
damage to herself.

I'm just so glad there are  
people as intelligent and  
articulate as you are standing  
up for our kids.
