Subject: Thank you for your leadership on Moira Deeming

Dear John

I called earlier to say thank you for your leadership in moving to expel Moira Deeming.

Please stay strong and do not relent to the minority deeply conservative people and views. As you would know transgender people are used as a political football and it hurts people. Transphobia kills people. I know trans kids and trans adults, including trans teachers who are so scared by what happened on Saturday. The neo-nazi and far right associations that Posie Parker and Moira Deeming have are terrifying.

So thank you for acting, leading and this will not be forgotten. You are on the right/correct side of history with your call to expel Moira.

Kind regards
Pru
