Playing the Antifa card here... hahaha. Try again. Australians are wise and largely independent in how they see issues. You and your Lauren/MTG shtick have no place here and glad that your own party has demonstrated that.

Hi Moira, just heard you're
being expelled from the
Liberal Party.

Good news to start the day.

Guess you have to go and
spread your hatred as an
independent now, but it
would be far better if you
simply retired from politics.
