Sorry, I'm sure you all have other stories to deal with other than mine. But I'll carry on.

Who will know how long we have for a promo? No point doing one too long or two short. And we should use grabs, Sam will have one in her story already, so I think we should have one.

I'll come up with some options.

Hi Peter and Laura

Any ideas what others want for the promo? [REDACTED] **CLP**

[REDACTED] **CLP** I'm just starting to put some ideas down.

Talking to Maiden this morning it sounds like she will call the alleged perp a "liberal staffer" but **she will name the ministers he worked for.**

So if we're doing a Monday promo maybe we give ourselves a few choices: 1) a promo of an alleged rape in parliament house; and 2) a promo of an alleged rape on Minister R's couch.

Afternoon

I'm doing a PTC with Lisa in Canberra tomorrow afternoon.

There's an opportunity to record a promo in front of APH at the same time. Even if we didn't run it til Monday after the Sam story breaks it could be useful.
