Hi Amanda,

Please find attached a very detailed budget for GIRL GROUP - which sits at \$35 million US.

If you look at how PITCH PERFECT performed we feel that financially this is a home run and all my past 4 studio comedies have been in the \$35-37 million range and made money.

My last one SENIOR YEAR, which will be released on Netflix worldwide May 13, was the same budget with the same crew and made an instant profit for Paramount on sale.

Looking forward to chatting further,

Rebel xoxo
