Listen to this. It's a song I got Charlotte to sing that day I saw her in the studio. She sounds pretty incredible. X

It's very Adele-esque

She's a superstar and sounds gorgeous

Not sure the chorus of this is strong enough

The bridge made me feel more than the chorus

Yeh. I just wanted to see if she could sing a pop song

And she can!

But vocally she's obvie amazing

She is so talented

She could do Adele or Alicia Keys or Olivia Rodrigo or Amy Winehouse - like so many different directions

She kinda has a dash of all of them

Yep

She does!

Let's think on what we do regarding rights. This girl could be a major discovery

Totally!!!

This song is v john legend  
like

I think the fact she plays  
piano and sings is quite  
major

We need a Meghan  
Trainer song for her! Pop  
with jazzy elements -  
something like that that's  
super catchy

Meghan writes those  
really well

Yes!

We have two already!

See you can be a music  
mogul!

I just know 'commercial taste'

You do. But you also have good taste

That happens to be commercial

It's quite different

  
We will rock 2023 so so hard!
