

JUDICIAL LEADERS ARE DIRECTING THE DELIVERY OF MORE SUBSTANTIVE JUSTICE OUTCOMES

Courts are more proactively managing improvements with Chief Justices networking across the region to drive, plan and administer justice locally.

“Because of the limited resources and facilities we have, our tendency is to rely a lot on outside agencies, persons, and experts to come in. But with this sort of training we’re actually empowering our own people so they can actually do it, not only within the country, but also within the Pacific region... in a way that is cost effective and making best use of all the people.”
