Will you call me! Can't get through and would love to know how today has gone. Vince told Charles that the dailies were brilliant. Amanda and Gregor have emailed me urgently asking for a zoom - can we speak before as it seems weird and I am not keen to do it until I have spoken to you. XXX.

Hi, just trying you on FaceTime Audio

There's no reception here in countryside

Greer said "Gregor said today he was worried the deals wouldn't close"

I just texted her and asked her if anything was up today with Gregor or Amanda

I texted back Greer and said that I was told all my deal terms had been organized on Friday

Hi, any updates?
