The text of the tweet reads: "The Hamas attack on Israel was part jailbreak (from Gaza, the world's largest prison since the destruction of the Warsaw Ghetto) but more than that it was a revolt of the hopeless by the hopeless for the hopeless." It continues with "Well done @SydOperaHouse all that Welcome to Country at every performance is about superficial acknowledgement. The tweet is titled "Tearing down the Wall - Mondoweiss" and includes a video thumbnail showing a group of people in a park-like setting with a large wall in the background. The text of the tweet reads: "The Zone of Interest," about a family of Nazis living right against the walls of Auschwitz, is the most relevant film in the world right now. Below the video, it says "From mondoweiss.net". The engagement bar shows 44 replies, 38 retweets, 86 likes, and 25K bookmarks. Below this is another tweet by Mary Kostakidis (@MaryKostakidis) with the text: "If the Jews being shot and shoveled into ovens could just break through that wall, of course, they would kill anyone they found partying right on the other side of it! And, of course, they would take women and children hostage and drag them back into their hell inside if doing so would give them leverage to free their fellow Jews from torture and death! This thought, of course, set in motion an obvious but taboo moral question in my mind about one of the most pressing matters of our time: Is it understandable why people in Gaza, similarly trapped behind a wall in a concentration camp and experiencing genocide, would kill or take hostage people they found partying on the other side of the wall holding them in?" this is the actual breaking story: October 7 is the most filmed military operation in human history, both from the Hamas side with bodycams, and the Israeli with CCTV and cell phones. And they have zero, literally zero footage of any sexual violence. So they do fake subtitles

#### OFFICE OF THE SPECIAL REPRESENTATIVE OF THE SECRETARY-GENERAL ON SEXUAL VIOLENCE IN CONFLICT

34. The mission team, specifically the forensic pathologist and the digital analyst, reviewed over 5,000 photos, around 50 hours and several audio files of footage of the attacks, provided partly by various state agencies and through an independent online review of various open sources, to identify potential instances and indications of conflict-related sexual violence. The content encompassed the actual attacks and their immediate aftermath, captured through militants' bodycams and dashcams, individual cellphones, CCTV, and traffic surveillance cameras. Additionally, the materials included photos and videos documenting the process of recovering and identifying the deceased.

74. In the medicolegal assessment of available photos and videos, no tangible indications of rape could be identified.

77. The digital evidence discovered during independent open-source review appeared authentic and unmanipulated. While the mission team reviewed extensive digital material depicting a range of egregious violations, no digital evidence specifically depicting acts of sexual violence was found in open sources.

Beyond this, from inquiries put to three bodies in the defense establishment by Haaretz, it emerges that the intelligence material collected by the police and the intelligence bodies, including footage from terrorists' body cameras, does not contain visual documentation of any acts of rape themselves.

every single claim here is a lie. The "young Israeli women" are IDF soldiers, captured on a military base. They are not "threatened with rape", no one says "you are beautiful", and the "girls who can get pregnant" line is entirely fabricated

Reading this at the moment.

The section on Nazi-Zionist collaboration is mind-blowing.

Did you know the Zionists brought Adolf Eichmann—key to the destruction of European Jewry—to Palestine in 1937?

Eichmann wrote in the SS paper he was “in complete agreement with” Zionism.

Gaza is today's Auschwitz.

The Irony of becoming what you once hated.

Zionism is Nazism.

Zionists are today's Nazis.

The Zionist state of Israel is today's Nazi state.

Israel is no different from the Nazi state. Once upon a time, the Nazis forced Jews from their homes, and now Israel is doing what the Nazis did and forcing hundreds of thousands of Palestinians to leave their homes.

"The (Human Rights Watch) report joins a series of reports from international human rights organisations. These reports are of course shocking.
