Hi Jacinta,

I cannot believe what you and Warren have just said on your podcast.

Warren has known about this program since 2013. He said at the time when we met in his office in Sydney that it was what his people needed.

I have been trying to reach out to you for 18 months on this program.

If both of you are so enraged and upset why are you ignoring what many people including Aboriginal people are saying will work?

Given your comments on community cultural law and ways having no place in the answer to community challenges, I don't expect I will have your support on the youth crime initiative.

Just as well Territory Families Youth Justice Director is keen to take it to the next stage then.

Really disappointed Jacinta I thought you wanted to change. Change doesn't come through crushing people's culture and disempowering their leaders.

Kind regards

Keith Gregory

Hi Jacinta,

The answer to the above has been around for many years but has been ignored by many who should have supported it.

Soon there is to be a national campaign led by Annaliese Ugle, the 11 year old who took her own life when she found her predator had been released on bail.

Both my sisters were sexually molested on the farm. As a family we found out when they were 30 and 35.

The campaign will be supported by white organisations from around the country as the focus is on all children . Warren has known about this program for years. I sent it to him and his wife just two months ago but he ignored it just like he did in 2013.

Please see attached why this saves children's lives.

We have a new strong partner now so will not need the support of all the Aboriginal people of influence and their organisations that should have stood up.

It is about time people put children's lives ahead of politics and skin colour.

Keith

Please do not attempt to contact me again. Your ignorant email speaks volumes about your character.

Be warned that if you choose to continue to defame me again and encourage other Aboriginal women against having anything to do with me you will face legal consequences. You have no right as a man and especially a white man who has never lived under traditional customary law to tell Aboriginal women how to think and behave.

You DO NOT have all the answers as you so arrogantly claim.

I will not support any program that you are involved in based on your completely unprofessional conduct.

Sincerely

**Jacinta Nampijinpa Price**

Dear Senator Price,

During your recent address here in Darwin on the Voice campaign you rebuffed me when I went to shake your hand.

You have written to me advising that you will never support anything I develop in regard to addressing the disparity that the Aboriginal children suffer.

I need to know if that is still your position..

The NT News is doing a story on what our group are proposing. If you are still against that which was put to you some years ago, please let us know.

Kind regards

Keith Gregory

Senator Price,

You recently sent wo AFP officers to my house requesting that I no longer send meeting requests to you by email to discuss youth crime and child sexual abuse.

At no time have my emails been threatening or abusive. They have simply asked to meet and discuss solutions led by community to address youth crime and child sexual abuse.

You have repeatedly ignored those requests. If you didn't want to receive them, you could have blocked me.

You have told your staff to tell Countrymen not to have anything to do with me.

This can be attested to by my father Gibson Illortaminni the former Tiwi Land Council chair who was furious that your staff, who were obviously directed by you, to say disparaging things about me.

You claim to have the best interest of Countrymen at heart and yet you ignore and block what Countrymen want in addressing CSA and youth crime.

You have advised me in writing that you will never support anything that our team develop. Despite that it might make massive changes which KPMG believed.

There is an election coming up. Your actions need to be held to account. You are my local member. You don't get to pick and choose who you represent. You were voted in to represent us all.

Your actions in using the AFP to deliver a message was reminiscent of the Nazi's using the Gestapo in WWII to silence people.

Shame on you Senator. It is time that you got over your past grievances with me and put your constituents and the Aboriginal people of Australia first.

If you ignore this email it goes to the ABC, the Guardian, SBS and anyone else who will listen.. I am over petty antics when Countryme still suffer so much in this country.

Good morning, Sunny

Just bringing to your attention the below email from Keith Gregory, Keith has had a visit from AFP as you will see from your files, he is continuing to threaten the Senator but now with going to the Media as he knows he can't be as direct as he was before.

Are you able to follow this one up please. His claims that staff have spoken to Gibson Farmer are also untrue and false.

Thank you.

We have the best backyard in the world! Even though my babies are big lads now we still take the opportunity to indulge in what nature has to offer when ever we can!

Litchfield National Park is a special place for our family and many families who visit to swim in the rock holes and waterfalls.

Australia the lucky country! ❤️🇦🇺
