A. INTRODUCTION

1. This Statement of Agreed Facts (**SOAF**) is made jointly by the Applicant, the Australian Competition and Consumer Commission (**ACCC**), and the Respondent, Woolworths Group Limited (**Woolworths**). This SOAF contains, for the purpose of this proceeding, agreed facts within the meaning of s 191 of the *Evidence Act 1995* (Cth).
2. This proceeding concerns 276 instances (the **Particularised Instances**), relating to 266 unique products (the **Affected Products**), sold by Woolworths as part of its Prices Dropped Program during the period from 2 September 2021 to 4 May 2023, inclusive (the **Relevant Period**).
3. This SOAF concerns the Prices Dropped Program as implemented in **Woolworths Supermarkets**¹ stores and **Woolworths Online** only.²
4. The **Woolworths Supermarkets Business** supplies grocery items to consumers across Australia through Woolworths' network of Woolworths Supermarkets stores and Woolworths Online. Woolworths Online is made available to consumers via the **Woolworths Website** (www.woolworths.com.au) and the **Woolworths App** (including both Android and iOS compatible versions).
5. Agreed facts with respect to the Prices Dropped Program are set out in Section D below. Agreed facts with respect to the details of the Particularised Instances, as well as of the price of the Affected Products throughout the Relevant Period, are set out in Section D.4, Annexure B, and Annexure C. The start and end dates for each Particularised Instance, and the price at which the relevant Affected Product was offered for sale as part of the Prices Dropped Program, are identified in Columns H to J of Annexure B.
6. Except where otherwise indicated, all facts set out in this SOAF applied during the Relevant Period.

B. PARTIES

7. The ACCC is a body corporate established by s 6A of the *Competition and Consumer Act 2010* (Cth) (**CCA**) and is entitled to sue in its corporate name.
8. Woolworths was at all material times and is:
 - (a) a corporation within the meaning of s 4 of the CCA;
 - (b) able to be sued; and
 - (c) supplying goods and services in trade or commerce in Australia in connection with, amongst other things, the supply of grocery items in supermarkets and online.

¹ Defined, for the purposes of this SOAF, to exclude Metro stores.

² Without prejudice to the ACCC's right to contend that the Prices Dropped program in Woolworths Metro stores (of which there were 97 during the Relevant Period supplying grocery items to consumers across Australia) is the subject of this proceeding.

9. Woolworths operated approximately 1,037 Woolworths Supermarket stores during the Relevant Period.

C. BACKGROUND

C.1. National pricing strategy

10. During the Relevant Period, the Woolworths Supermarkets Business had a national pricing strategy. As a result, subject to some limited exceptions, all of the Affected Products were, at any given time:
 - (a) priced consistently across the Woolworths Supermarkets Business on a national basis, whether on or off promotion; and
 - (b) made available for sale through Woolworths Online at the same price as they were offered for sale in-store at Woolworths Supermarkets.
11. Aside from those limited exceptions referred to in paragraph 10 above, the prices at which Woolworths offered the Affected Products for sale throughout the Relevant Period, both in Woolworths Supermarkets and via Woolworths Online, were as set out in Annexures B and C.

C.2. Promotions and pricing programs

12. During the Relevant Period, the Woolworths Supermarkets Business operated a range of short-term promotions and seasonal and longer-term pricing programs. The Prices Dropped Program, described in Section D below, was, between October 2015 and July 2024, a longer term pricing program. At least from the start of the Relevant Period, the Prices Dropped Program also encompassed seasonal Prices Dropped programs which, as set out at paragraph 27(b) below, had a duration of approximately 13 weeks.
13. The short-term promotions operated by the Woolworths Supermarkets Business, which often occurred on a weekly basis, included:
 - (a) 'Specials' promotions, which involved a discount off the price of a product and included the following variations:
 - (i) '% off', which involved a specified percentage discount off the price of a product (e.g. "20% Off");
 - (ii) 'Save \$', which involved a specified dollar amount discount off the price of a product (e.g. "SAVE \$1"); and
 - (iii) '1/2 price', which involved halving the price of a product;
 - (b) 'Online Only Specials', which were short-term promotions only available through Woolworths Online and included 'Specials' of the sort described in subparagraph (a) above (identified on the product tile for the relevant product on the Woolworths Website and in the Woolworths App with a roundel bearing the text, "*Online Only Special*"); and

(c) 'Clearances', which were discounts used where there was excess stock to be sold — for example, where Woolworths was ceasing to stock a product, or a product was near its expiry date.

14. The Woolworths Supermarkets Business also offered 'Multibuys', which involved consumers being offered a discount for purchasing multiple items of a given product or group of products (e.g. "*Buy More Save More*").
15. For ease of reference, the balance of this SOAF uses the term '**Specials**' to refer collectively to in-store and online short-term promotions and Multibuys of the kind described in subparagraphs 13(a) and (b) and paragraph 14 above.

C.3. Product tickets

16. Throughout the Relevant Period, the Woolworths Supermarkets Business communicated the price of products to consumers in Woolworths Supermarkets and on Woolworths Online through pricing labels or product tiles (referred to collectively as '**tickets**').
17. In-store tickets took the form of physical paper tickets or electronic shelf labels that were typically displayed on the shelf immediately below the relevant product. Online tickets took the form of individual product tiles which displayed a photograph of, and information about, a particular product on the Woolworths Website or in the Woolworths App. Both in-store and online tickets included certain details about a product, including the product name and the price of the product. Tickets were also used to communicate any short-term promotional offer or longer-term pricing program for that product.
18. A white ticket was used to indicate products offered for sale which were not on any yellow-ticket short-term promotional offer or seasonal or longer term red-ticket pricing program.
19. Specials and other short-term promotions were indicated:
 - (a) in Woolworths Supermarkets, with a yellow ticket; and
 - (b) on Woolworths Online, with an addition to the relevant product tile of a green and white roundel displaying the applicable promotional information (e.g. "*25% Off*", "*1/2 Price*" or "*Buy More Save More*") and in some instances a yellow rectangle displaying the applicable price reduction (e.g. "*SAVE \$2.00*").
20. Products on the Prices Dropped Program were indicated by tickets which used a red and white colour scheme (**Prices Dropped Tickets**), as described further in Section D.2 below.

C.4. Terminology

21. The terminology used by Woolworths in relation to products, costs and pricing in the Woolworths Supermarkets Business included the following:
 - (a) '**SKU**' (short for 'stock keeping unit'), which referred to the unique article code used to identify a specific product;

- (b) **'First Cost'** (or 'list price'), which was used to describe the price of the unique SKU offered by a supplier to the Woolworths Supermarkets Business on the supplier's standard list, exclusive of any discounts, rebates, offsets, allowances, adjustments, and supplier funding that might be agreed between Woolworths and the supplier;
- (c) **'Cost Price'** (or 'net cost price'), which was used to describe the direct cost to the Woolworths Supermarkets Business of acquiring the unique SKU from a supplier, inclusive of any discounts, rebates, offsets, allowances, adjustments and supplier funding attributed to the particular product; and
- (d) **'Prices Dropped Price'** (or 'the D1 price'), which was used to describe the price at which a product was offered for sale by the Woolworths Supermarkets Business to consumers while the product was on Prices Dropped (i.e. identified to consumers by the Prices Dropped Tickets and offered for sale at a 'Prices Dropped' price in-store and online), as described further in Section D below.

C.5. Own Brand products

- 22. During the Relevant Period, in addition to ranging supplier-branded products, the Woolworths Supermarkets Business also made available for sale in-store and online a range of Woolworths-owned products known as **'Own Brand'** products.
- 23. Own Brand products differed from supplier-branded products in a number of ways, including that:
 - (a) Own Brand products were typically manufactured and supplied to Woolworths in accordance with its product specifications by third-party manufacturers and suppliers which were engaged by Woolworths;
 - (b) whereas supplier branded products were typically provided to Woolworths by a single supplier, in some cases, more than one third-party manufacturer and/or supplier was engaged by Woolworths for the supply of an Own Brand product - the price to Woolworths of procuring an Own Brand product in those cases therefore was comprised of multiple costs charged by the relevant third-party manufacturer(s) and/or supplier(s) to Woolworths (for the purposes of this SOAF, the total price of procuring an Own Brand product is referred to as the **'OB Cost Price'**);
 - (c) unlike the position for supplier-branded products (described below), while Woolworths may have engaged with manufacturers or suppliers regarding the various costs which contribute to the overall OB Cost Price paid by Woolworths to procure an Own Brand product, Woolworths typically would not engage in discussions with third-party manufacturers and suppliers regarding the prices at which Own Brand products were offered for sale, or the placement of an Own Brand product on any short-term promotion or seasonal or longer term pricing program; and

(d) the inclusion of Own Brand products in the Prices Dropped Program occurred in accordance with paragraph 41 below (i.e. without 'Supplier Funding' of the kind discussed in paragraph 40).

24. Thirteen of the 276 Particularised Instances relate to Own Brand products (being rows 66, 67, 68, and 115 to 124 of Annexure B).

D. PRICES DROPPED PROGRAM

D.1. Overview

25. The **Prices Dropped Program** was a long-term shelf price reduction program introduced by Woolworths in around 2015. It was developed by Woolworths and intended to address the prominence of fluctuating short term 'high-low' promotions in the market, following feedback that consumers were seeking a better balance between short term promotions and consistent daily value on shelf.

26. 'High-Low' promotions (sometimes written as "hi-lo" promotions) were promotions involving a product being placed on Special for short periods, typically 1-2 weeks, before returning to the shelf price.

27. The Prices Dropped Program encompassed both:

- (a) a longer-term program whereby products were offered for sale at a reduced price on an open-ended basis — for example, 12 months or longer; and
- (b) at least from the start of the Relevant Period, a seasonal program whereby products were offered for sale at a reduced price for a season of approximately 13 weeks (e.g. 'Prices Dropped for Summer') or, in the case of 'Dropped for Christmas', a period of approximately eight weeks.

28. Of the Particularised Instances:

- (a) 28 instances were part of the seasonal program described in paragraph 27(b) above (being rows 13, 28, 66-68, 115-124, 153-158, 231-232, 262-264, 267-268 of Annexure B) (three of the 28 (being rows 28, 231 and 232) later transitioned to a longer-term pricing program - these products have only been included in the seasonal program figures); and
- (b) the balance, consisting of 248 instances, were part of the longer-term pricing program described in paragraph 27(a) above.

29. The Woolworths Supermarkets Business typically included products in the Prices Dropped Program for at least 12 weeks at a time. As shown in Annexure B, many of the Affected Products were on Prices Dropped for six months or longer.

30. The Woolworths Supermarkets Business phased out its use of the Prices Dropped Program in around December 2024.

D.2. Prices Dropped Tickets and branding

31. The visual appearance of the Prices Dropped Tickets was distinct from Specials and other short-term promotions. This difference was intentional so that consumers could recognise Prices Dropped and Specials as separate and different price reduction mechanics — with Prices Dropped being a more stable shelf price reduction program, and a Special being a temporary and short-term promotional discount.
32. **Annexure A** contains representative examples of Prices Dropped Tickets used by Woolworths, including in respect of the Particularised Instances. The parties agree that these examples accurately reflect the Prices Dropped Tickets which would have been seen by consumers during the Relevant Period.
33. Prices Dropped Tickets were displayed in Woolworths Supermarkets, on the Woolworths Website, and in the Woolworths App in the manner described in paragraph 17 above — namely, in the forms of:
 - (a) in-store paper tickets in Woolworths Supermarkets (typically located on the shelf below the relevant product);
 - (b) in-store electronic shelf labels in Woolworths Supermarkets (typically located on the shelf below the relevant product);
 - (c) online product tiles on the Woolworths Website; and
 - (d) online product tiles in the Woolworths App.
34. Subject to paragraphs 35 to 36 and 45 to 46 below, Affected Products on Prices Dropped in the Particularised Instances were offered for sale with a Prices Dropped Ticket which included the following features:
 - (a) a Prices Dropped ticket, comprising a red and white border or box with the words “*PRICES DROPPED*”;
 - (b) the product name, being the name of the product and any specifications such as flavour, scent, or size (e.g. “*Carmans Muesli Bars FrNut Bars 12pk*”);
 - (c) the Prices Dropped Price (see paragraph 21(d) above);
 - (d) a ‘**Was Price**’, being the price at which the Affected Product was previously sold to consumers (excluding any Special) before it was placed on Prices Dropped in the Particularised Instances; and
 - (e) a ‘**Was Date**’, being the last date on which the Affected Product was offered for sale at the Was Price in the Particularised Instances.
35. During the Relevant Period, the Affected Products on Prices Dropped in the Particularised Instances had a Was Date displayed on the Prices Dropped Ticket immediately after the Was

Price (e.g. “Was \$7.50 30/03/22”). In the case of in-store paper Prices Dropped Tickets and in-store electronic shelf labels, the Was Price was also shown with a strike through (e.g. “Was ~~\$7.50~~ 30/03/22”).

36. In some of the Particularised Instances, the Prices Dropped Ticket used the phrase “Range Was” in connection with the Was Price instead of just the word “Was”, to indicate that the Affected Product was part of a range of products which were priced the same (i.e., different flavour variations of Carman’s Muesli Bars 12pk 540g products).
37. The “Range Was” feature described at paragraph 36 above was used in respect of 229 of the Particularised Instances (being rows 1-7, 9-11, 14-24, 26-27, 29-49, 66-68, 70-71, 73-92, 94-95, 98-99, 102-142, 144-165, 168-186, 188, 190-192, 194-195, 201-213, 215-221, 223-227, 229-261, 265-268 and 271-276 of Annexure B).

D.3. Process for placing products on Prices Dropped

38. Discussions between Woolworths and suppliers regarding prices of products were commonplace throughout the Relevant Period. Such discussions between supermarkets and suppliers are commonplace in Australia’s supermarket industry.
39. Decisions to select and approve products to be included in the Prices Dropped Program were generally made by commercial teams in the Woolworths Supermarkets Business, including the following steps:
 - (a) Woolworths’ commercial teams identified opportunities for products to be placed on Prices Dropped, including evaluating proposals from suppliers to include their products in the program;
 - (b) funding arrangements for inclusion of products on the program were then discussed and negotiated with relevant suppliers. These negotiations would involve, where appropriate, discussion of the prices to be charged to consumers and any short-term promotions or placement on any longer term pricing program, including any Prices Dropped Price;
 - (c) Woolworths’ commercial teams then nominated the selected products to a member of the senior commercial team, seeking approval for the products to be included in the Prices Dropped Program. This senior level approval might have been provided by Merchandise Managers, Commercial Directors, the Chief Commercial Officer, or a combination of these individuals, depending on the relevant product and category.
40. Products included in the Prices Dropped Program were typically supported by **Supplier Funding**. Supplier Funding involved the supplier of the relevant product providing funding to support the inclusion of the product on the Prices Dropped Program and subsequent reduction of the shelf price for some or all of the period of time during which the product was to be placed on the Prices Dropped Program. This could occur in various ways, and to differing extents.

41. In some instances, products were included in the Prices Dropped Program without being supported by any Supplier Funding.
42. In the case of 232 of the 276 Particularised Instances, the inclusion of the Affected Products in the Prices Dropped Program was supported at least to some extent by Supplier Funding.

D.4. Detailed pricing information for Particularised Instances and Affected Products

43. **Annexure B** identifies, for each of the 276 Particularised Instances, pricing information and the period during which those prices applied (subject to paragraphs 45 and 46 below, including that as per paragraph 47 the instances where a product was sold on Special during each of these periods), as follows:
 - (a) **'Price 1'**, being the price at which the product was offered for sale and sold before it was sold at the Was Price displayed on the Prices Dropped Tickets (noting that, in some Particularised Instances, Price 1 was itself a Prices Dropped Price);
 - (b) **'Price 2'**, being the price at which the product was offered for sale and sold prior to being placed on Prices Dropped, and included as the Was Price on the Prices Dropped Tickets; and
 - (c) **'Price 3'**, being the Prices Dropped Price displayed on the Prices Dropped Tickets, and at which the product was offered for sale and sold, whilst on Prices Dropped.
44. Where a Was Price and a Was Date were included on the Prices Dropped Tickets for a Particularised Instance, the Was Date shown on the tickets was the end date of the period identified in Column F of the relevant row in Annexure B (e.g. for the Particularised Instance at row 1, "17/08/22").
45. The start and end dates of the periods identified in Column C with respect to Price 1 (the **Price 1 Period**), Column F with respect to Price 2 (the **Price 2 Period**), and Column I with respect to Price 3 (the **Price 3 Period**) are the dates on which an Affected Product was first and last sold at each price point during the Relevant Period. Many Affected Products were also the subject of short-term Specials (of the kind described in sub-paragraph 13(a) above) during one or more of the Price 1, Price 2, and Price 3 Periods. These temporary price reductions have been disregarded for the purposes of Annexure B, where the periods in Columns C, F and I include a calculation of days when the product was on a short-term Special. They are, however, identified in Annexure C.
46. Except while being promoted on a short-term Special, the Affected Products were identified in-store:
 - (a) during the Price 1 Period, with:
 - (i) a white ticket;

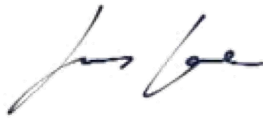

- (ii) in circumstances where Price 1 was itself also a Prices Dropped Price (see paragraph 59(c) below), a Prices Dropped Ticket (applied over a white ticket reflecting the Prices Dropped Price);
 - (iii) in a small number of instances, a 'Low Price' ticket applied over a white ticket ('Low Price' also being a longer term pricing program that refers to products that are set at a low price for several months);
- (b) during the Price 2 Period, with a white ticket; and
 - (c) during the Price 3 Period, with a Prices Dropped Ticket (applied over a white ticket reflecting the Prices Dropped Price).
47. Whenever an Affected Product was promoted in-store on a short-term Special, yellow Specials tickets were applied displaying the details of the relevant short-term promotion for the duration of the Special (applied over a white ticket, and if the product was on Prices Dropped immediately prior to the Special, also over the Prices Dropped Ticket reflecting the Prices Dropped Price).
48. Each of the Particularised Instances identified in Annexure B involved:
- (a) a Price 1 Period of 180 days or longer;
 - (b) a Price 2 that was higher than Price 1 by 15% or more;
 - (c) a Price 2 Period of 45 days or shorter; and
 - (d) a Price 3 that was:
 - (i) in 265 instances, higher than Price 1; and
 - (ii) in 11 instances, the same as Price 1 (being rows 66-68, 153-158 and 269-270 of Annexure B).
49. **Annexure C** provides more detailed pricing and status information for each Affected Product, including:
- (a) the different retail prices at which the product was sold throughout the Price 1, Price 2 and Price 3 periods for each Particularised Instance (including during any short-term Specials of the kind described in subparagraph 13(a) above);
 - (b) the period(s) during which the product was sold at each retail price; and
 - (c) in respect of each retail price period:
 - (i) the status of the product (i.e. 'white ticket only', 'Special', 'Low Price' or 'Prices Dropped'); and
 - (ii) the number of units of the product sold.

E. MOVEMENT OF PRODUCTS ON AND OFF PRICES DROPPED

50. Woolworths may have decided to cease, or temporarily cease, the inclusion of a product on Prices Dropped, in the following circumstances:
- (a) where the Cost Price of the product increased;
 - (b) where Supplier Funding previously provided for the inclusion on the program was withdrawn;
 - (c) where a product is not performing commercially in its category, is not otherwise competitive in the market, or there is commercial opportunity; and/or
 - (d) in relation to products included in the Prices Dropped Program on a seasonal basis, where the relevant seasonal period (typically of approximately 13 weeks) had passed.
51. In relation to Cost Price increases, a supplier could submit a Cost Price increase request (**Cost Price Increase Request**) in relation to a product for Woolworths' consideration. A Cost Price Increase Request could be submitted at any time, including while the product was on Prices Dropped.
52. Suppliers typically submitted Cost Price Increase Requests on a 'price family' or product category / sub-category basis, rather than individually for each product or SKU. Many of the Affected Products were part of a price family with other Affected Products. The price families to which each Affected Product belonged are set out in **Annexure D**.
53. Cost Price Increase Requests were typically made to the relevant **Category Manager(s)** from the Woolworths Supermarkets Business either orally or in writing (the latter of which could occur via email or Partner Hub, a Woolworths developed and controlled intranet site). Category Managers were the individuals within the Woolworths Supermarkets Business responsible for, amongst other things, strategies and decisions about the supply, ranging, and pricing of products within a particular product category.
54. When a Cost Price Increase Request was made by a supplier, Woolworths' commercial and pricing teams considered and assessed the request, and decided whether to approve, reject, or further negotiate the request. Woolworths' commercial team considered the impact of the proposed Cost Price increase on the existing pricing and promotional plan for the product and its funding. In many cases, a new promotional plan and funding arrangements would be negotiated and agreed with the supplier at the same time as negotiating the Cost Price Increase Request — for example, in relation to the terms of future Specials promotions or the inclusion on Prices Dropped.
55. When negotiating a Cost Price Increase Request or considering proposals to place products on Prices Dropped following a Cost Price increase, Woolworths generally sought to at least maintain its margin rate. However, this did not always occur in practice, given the fluidity and variability in the factors taken into account in negotiations.

56. Where Woolworths accepted the Cost Price Increase Request in relation to a product, Woolworths may have decided to:
- (a) pass on some or all of the increase in the Cost Price to the price at which the product was offered for sale; and/or
 - (b) where the product was on Prices Dropped at the time, cease displaying the Prices Dropped Ticket and offering it for sale at a Prices Dropped Price.
57. During the period from July 2016 until approximately November 2021, Cost Price Increase Requests from suppliers were infrequent. In the years prior to the Relevant Period, there was low inflation in Australia. The annualised Consumer Price Index in Australia was at or below 2.2% from at least the June 2017 quarter until it increased to 3.8% in the June 2021 quarter.
58. With respect to the Particularised Instances:
- (a) in the case of 262 Particularised Instances, the supplier had submitted a Cost Price Increase Request in respect of the relevant Affected Product prior to the Price 2 Period, and each request had been accepted (in full or in part) by Woolworths, following negotiations with the supplier;
 - (b) in the case of 8 Particularised Instances (being rows 66-68, 115-117, 122 and 124 of Annexure B), which concern Own Brand products, the third-party manufacturer or supplier increased the OB Cost Price of the relevant Affected Product; and
 - (c) in 6 Particularised Instances (being rows 13, 118-120, 121 and 123 of Annexure B) the particularised price increase was not the result of an increase to the Cost Price or OB Cost Price of the relevant Affected Product.
59. With respect to the 262 Particularised Instances referenced in paragraph 58(a) above:
- (a) the process followed for considering, negotiating, and approving the relevant Cost Price Increase Requests reflected the general process described in paragraphs 51 to 56 above;
 - (b) in 245 cases, arrangements concerning the implementation of Price 3 (i.e. the subsequent offering of the Affected Products at a Prices Dropped Price and promotion of the products via Prices Dropped Tickets) was negotiated and agreed by Woolworths and the supplier before the commencement of the Price 2 Period as part of, or in parallel with, the negotiations about the extent to which Woolworths would accept the Cost Price Increase Request; and
 - (c) in 205 Particularised Instances, the Affected Product was on Prices Dropped at the time of the relevant Cost Price Increase Request (meaning that Price 1 for each of these products was, itself, also a Prices Dropped Price).

60. In the case of three of the 276 Particularised Instances (being rows 146 to 148 of Annexure B), the Affected Products were on Prices Dropped at the time of the Price 1 Period and the supplier ceased to provide any Supplier Funding to Woolworths in support of the products' Prices Dropped Prices on 3 October 2022. This resulted in Woolworths removing the products from Prices Dropped for a period of 5 weeks, effective 6 October 2022, and selling the products at a Price 2 which was the same as the Was Price featured on the previous Prices Dropped Tickets during the Price 1 Period. Woolworths subsequently placed these products on Prices Dropped again, at a lower, Prices Dropped Price but without any Supplier Funding to support the placement on 11 November 2022 (being 36 days later). The new Prices Dropped price was higher than the Prices Dropped Price during the Price 1 Period.

ANNEXURE B – AGREED AFFECTED PRODUCTS SCHEDULE

The parties note that the information contained in Annexures B and C has been drawn from separate data sources which store historical pricing and promotional data in different formats (including sources which record data on a weekly, instead of daily, basis). Due to the different formats in which these sources stored the underlying data, and as these systems are reliant on manual inputs, the parties expect that there will be some inconsistencies between the dates and prices set out in Annexures B and C, and the actual dates on which each of the particularised prices were displayed to consumers in Woolworths Supermarkets and on Woolworths Online.

However, with a view to efficiently minimising the issues in dispute, the parties have agreed, for the purposes of this Proceeding only, that the information contained in Annexures B and C represents the prices and any pricing programs which took place during each the Price 1, Price 2 and Price 3 periods alleged by the ACCC in respect of each of the 276 Particularised Instances.

Annexure B – Agreed Affected Products Schedule

		P1	Period ³		P2	Period ⁴		P3	Period	Days on P3 ⁵	
1.	Arnold Farm Full O Fruit Muesli 700g (185493-EA)	\$5.00	05/01/22 - 06/07/22 (183 days)	+40%	\$7.00	07/07/22 - 17/08/22 (42 days)	-21%	\$5.50	18/08/22 - 10/10/22 (54 days) ⁶	19 days	+10%
2.	Arnolds Farm Apple Cinnamon Granola 700g (184937-EA)	\$5.00	05/01/22 - 06/07/22 (183 days)	+40%	\$7.00	07/07/22 - 17/08/22 (42 days)	-21%	\$5.50	18/08/22 - 04/05/23 (260 days)	197 days	+10%
3.	Arnolds Farm Berry Crumble Clusters 700g (184974-EA)	\$5.00	05/01/22 - 06/07/22 (183 days)	40%	\$7.00	07/07/22 - 17/08/22 (42 days)	-21%	\$5.50	18/08/22 - 04/05/23 (260 days)	197 days	+10%
4.	Arnolds Farm Fruit & Nut Muesli 700g (184938-EA)	\$5.00	05/01/22 - 06/07/22 (183 days)	+40%	\$7.00	07/07/22 - 17/08/22 (42 days)	-21%	\$5.50	18/08/22 - 04/05/23 (260 days)	197 days	+10%

- ¹ The inclusion of the percentage change from Price 1 to Price 2 set out in this column does not involve any admission by Woolworths that it is appropriate to compare Price 2 with a historical and superseded Price 1 (as pleaded in Woolworths' Concise Statement in Response filed on 29 November 2024 at [2(d)], [13(d)] and [16(b)]).
- ² The inclusion of the percentage change from Price 1 to Price 3 set out in this column does not involve any admission by Woolworths that it is appropriate to compare Price 3 with a historical and superseded Price 1 (as pleaded in Woolworths' Concise Statement in Response filed on 29 November 2024 at [2(d)], [13(d)] and [16(d)]).
- ³ The dates in this column are (a) the date on which the Affected Product was first at Price 1 (or alternatively if the product was at Price 1 since 1 January 2021, the date will be 1 January 2021), and (b) the date on which the Affected Product was last at Price 1 prior to the Price 2 Period. The dates and number of days include any days during this period on which there was a temporary price fluctuation due to a short-term special for a few days or weeks or other temporary price fluctuations of seven days or less. The details of the short-term specials and other irregular pricing fluctuations are included in Annexure C to this statement of agreed facts. Where there are two Particularised Instances in respect of one Affected Product, there are two rows for that product included in the schedule. The second row for each of those products, marked with "*", contains a 'Price 1' price which is the same price as the 'Price 3' price for the first row relating to that product.
- ⁴ The dates in this column are (a) the date on which the Affected Product was first at Price 2, and (b) the date on which the Affected Product was last at Price 2 prior to the Price 3 Period. The dates and number of days include any days during this period on which there was a temporary price fluctuation due to a short-term special for a few days or weeks. The details of the short-term specials and other pricing fluctuations are included in Annexure C to this statement of agreed facts.
- ⁵ The number of days in the Price 3 Period, not including any day on which there was a temporary price fluctuation due to a short-term special for a few days or weeks (which are detailed in Annexure C to this statement of agreed facts).
- ⁶ The data produced by Woolworths indicates that there were only limited sales for this product from this date, and the ACCC has not alleged a contravention for this product after this date.

ANNEXURE C - AFFECTED PRODUCT PRICING AND SALES DATA

The parties note that the information contained in Annexures B and C has been drawn from separate data sources which store historical pricing and promotional data in different formats (including sources which record data on a weekly, instead of daily, basis). Due to the different formats in which these sources stored the underlying data, and as these systems are reliant on manual inputs, the parties expect that there will be some inconsistencies between the dates and prices set out in Annexures B and C, and the actual dates on which each of the particularised prices were displayed to consumers in Woolworths Stores and on Woolworths Online.

However, with a view to efficiently minimising the issues in dispute, the parties have agreed, for the purposes of this Proceeding only, that the information contained in Annexures B and C represents the prices and any pricing campaigns which took place during each the Price 1, Price 2 and Price 3 periods alleged by the ACCC in respect of each of the 276 Particularised Instances.
