Please find attached my response to the Federal Court of Australia.

As previously requested, I ask that the AGS please forward this email to the Secretary Services Australia. PMC media, please pass to the PM.

All I have ever asked for is for the return of what I have lost. Yet for all those attempts all I get is pathetic attempts at avoiding the core issue. That being that Centrelink employees changed the wording of an Act.

I honestly can not understand why you people are so gutless and can not admit that it was wrong. You are obviously covering up for someone. To be honest I don't care why you are doing it, all I want is what I have lost and then to get on with my life.

Is it that hard for the FCA, Parliament, Ministers and Departments to play by the very rules that they expect others to play by. The rules that they made. If you can't then you cannot expect me to play by them either. It is not my reputation and integrity on the line, it is yours.

IMPLIED and INFORMED CONSENT

If you are not prepared to comply with the requirements of the Constitution and the Laws of Australia, then you cannot expect me to do likewise. If you cannot accept responsibility for your actions and your failures, then you cannot expect me to do likewise.

Therefore, if you are not prepared to address my concerns and my grievances which is your Constitutional duty and responsibility then in failing to do so you are consenting that this matter be filed for hearing in either the Federal Court of Australia or the High Court of Australia and or full disclosure to the media.

The choice is now yours.
