Subject: Privileged and Confidential

Afternoon all

Our talent for this confidential story is quite fragile at the moment. I've been back and forth with the talent and the talent's partner today.

Given our duty of care I'd like to ask that we're all kept in the loop when it comes to any plans for promotion of this story. Our talent will need lots of notice and will most likely wish to fly interstate to be with family before we press go on anything.

best

Angus
