## JUDICIAL STRENGTHENING INITIATIVE

### NEWSFLASH

## 2020 Court Trend Report Released

The Pacific Judicial Strengthening Initiative (PJSI) is proud to announce the release of the 2020 Court Trend Report. The Report is the fourth update against the Pacific Judicial Development Programme (PJDP) 2011 Court Performance Baseline Report.

The Report presents a decade of data, revealing significant improvements in court annual reporting by Partner Courts, against the 15 Cook Island Indicators. In 2011, one Partner Court produced an annual report that was publicly available. This number has risen remarkably with twelve Partner Courts now able to achieve this important indicator of transparency.

It has been a privilege to witness how over the past decade, the annual reports have constantly evolved to reflect the dynamism and innovation being introduced by PJSI Partner Courts.
