You should get a room at the Airport Novotel in case I late and so you have some where to stay. I will also get one there! I still don't understand what you need to discuss but in any case why can't you just focus on being there?

Why there? Aren't you coming from the GC? Are we not going to stay together?

Yes but I'm getting a room there too, just so you have some where to wait initially

Sorry but I don't get why you want to stay there? I just assumed we'd go to Milton or Sofitel? And I'd hang around in the city for an hour or so until you arrive. Do you think you're going to be a lot later?

I've booked us dinner tomorrow if you want to go... it's a private room or we can just stay in the room together?

Ok, thanks. It'd be nice to go out .... if you can live with the stares at my black eye! What time did you book for? Let's try & talk before then so we can just enjoy it 🤔

It's a private room and I will meet you at the Novotel first... as soon as I can!

Hi, I think you should still get a room at the Novotel just to be safe... are you comfortable going out for dinner or would you prefer to stay in?

I don't really understand why? What's going on? What time do you plan on arriving? I thought we decided last night to go out for dinner but it really doesn't bother me either way.

Yer we can just checking. I'm concerned about the room because it's school holidays and Emma could turn up.
