NO NSD 474 OF 2024

ESAFETY COMMISSIONER

Applicant

Respondent

Affidavit of: Toby Allan Dagg  
Address: Level 5, The Bay Centre, 65 Pirrama Road, Pyrmont NSW 2009  
Occupation: General Manager  
Date affirmed: 9 May 2024

I, Toby Allan Dagg of level 5, The Bay Centre, 65 Pirrama Road, Pyrmont 2009 in the State of New South Wales, General Manager, affirm:

1. I am the General Manager of the Regulatory Operations Group within the Office of the eSafety Commissioner (**eSafety**) and I am authorised to make this affidavit on behalf of the Applicant, the eSafety Commissioner (**Commissioner**).
2. I make this affidavit on the basis of my own knowledge and belief, save where otherwise stated. Where I depose to any matter based on information provided to me, I believe it to be true.
3. I have previously affirmed two affidavits in this proceeding dated 22 April 2024 (**First Affidavit**) and 6 May 2024 (**Second Affidavit**). I adopt the defined terms in my First Affidavit.
4. I make this affidavit in support of the interlocutory application dated 9 May 2024 for suppression orders over certain material contained in the affidavit material filed on behalf of the Commissioner.

## HARM ASSOCIATED WITH AVAILABILITY OF MATERIAL TO END-USERS IN AUSTRALIA

5. The Commissioner seeks a suppression order over the URLs identified in the Removal Notice where the Video can be accessed.
6. I refer to paragraphs 65 – 71 of my First Affidavit, where I detail my concerns in relation to the distribution of the material found at the 65 URLs referred to in the Removal Notice.
7. I also have been shown, and believe to be true, paragraph 27 of the Affidavit of Stephen Thomas Nutt sworn on 22 April 2024.
8. I am concerned that publishing the 65 URLs in the online file will drive further traffic to the URLs and increase views of the material, increasing the risk of harm detailed in my first affidavit.

## RISK TO SAFETY OF EMPLOYEES

9. The Commissioner also seeks a suppression order over the names and contact details of the ACMA employees working to the eSafety Commissioner (**Employees**) that are contained within the material filed in this proceeding on behalf of the Commissioner.
10. In my role as General Manager, Regulatory Operations at the eSafety Commissioner, I review daily reports automatically compiled by the Meltwater 'social listening' application that show the number of social media posts made in the previous 24 hours mentioning 'eSafety Commissioner' and 'Julie Inman Grant'.
11. Since about 17 April 2024, the eSafety Commissioner's actions in relation to class 1 material on the X Corp social media service showing the alleged stabbing attack against Bishop Emmanuel has been the subject of a considerable volume of public commentary.
12. From about this date, through reading these reports I observed a very large increase in the number of daily mentions of the eSafety Commissioner across major social media services, especially the X social media service.
13. For example, on Monday 15 April 2024, eSafety received 239 'social mentions' globally, including on the X social media service. This was recorded in an automated email from the Meltwater service sent at 7.46am. In comparison, on Wednesday 24 April 2024, per an automated email sent from the Meltwater application sent at 7.48am, the Commissioner was mentioned on major social media services, including the X social media service, 31,870 times. Between those two dates, the Commissioner had issued a class 1 removal notice to X Corp. and had obtained interim injunctive relief on an ex parte basis against X Corp. through the Federal Court of Australia.

A true copy of the emails dated 15 April 2024 and 24 April 2024 are annexed hereto and labelled **Annexure TAD-45**.

14. As a result of this matter, the Commissioner has received threats and has been targeted with abuse online. The details of the threats and abuse are provided in a separate confidential affidavit.
15. As a result of these threats, eSafety is concerned for the eSafety Commissioner's safety and wellbeing, and the safety and wellbeing of her family, and has requested the assistance of the Australian Federal Police and New South Wales Police Force. Details of the assistance provided by law enforcement is detailed in a separate confidential affidavit.
16. eSafety is concerned that if the names and contact details of Employees were included in the online file, then similar threats may be made to other Employees. eSafety is also concerned that adversarial social media users may release personal information about any Employees referred to in the online file.
17. In line with ACMA's duty to ensure the safety of employees, the Commissioner therefore seeks a suppression order over the names and contact details of its investigators to prevent them from being published in the online file.
