Truly, I have never been more grateful for a sitting fortnight to be over! Thank-you Laura for all your advice over the last two weeks. I was so ashamed for so long and I've finally moved beyond it. I don't know if you'd even remember but that night we all went out to the dock and then 88mph ahead of the 2019 election Bruce ended up taking me back to Parliament House. I passed out in the office and when I woke up he was sexually assaulting me. He left at some point during the night and the next day the ministerial security team found me. I'm okay now but it really messed with me for the longest time. I've ended up resigning from PH and have since moved back to QLD.
